

Father's Day Golf Scramble

Saturday, June 20th

Courses: Arnold Palmer and Jack Nicklaus Private

Tee Selection

- **On both Arnold Palmer and Jack Nicklaus Private, Women will play Red tees and Men will play White tees.**

Format - Scramble – Each player hits a tee shot on every hole. The team then selects the best tee shot and each player hits their second shot from that spot. The team then selects the best second shot and each player plays their third shot from that spot. This continues until the ball is holed.

Each player must use at least 3 tee shots!

For three player teams: Follow the Scramble format rules, except: Player A will play two balls on hole 1, Player B will play two balls on hole 2, and Player C will play two balls on hole 3. This alternating cycle will continue through the round. The team may also choose to play just one ball each for the entire round.

For two player teams: Follow the Scramble format rules, except: both players will play two balls on every hole. The team may also choose to play just one ball each.

Scoring: For each hole, please record a Gross score and Net score on your official tournament scorecard using your team handicap. All cards must be completed, signed and attested before returning to the golf shop or bag room.

Handicaps: Handicaps are determined by using 10% of the team handicap. If any player on your team does not have an official USGA handicap index, the player will be assigned a handicap of 0.

Rules: USGA rules apply. All ties will be broken by the USGA recommended “back-nine” method. The PGA WEST Tournament Committee will settle all disputes.

Awards: Gross and Net champions for each course will be contacted the following day and prizes will be available for pick up at the Private Golf Shop.

While the Scramble format will have everyone within your group playing shots from the same spot, we still ask that you please adhere to Social Distancing guidelines and keep 6 feet of distance between you and any non-household members!
